Patsy's is not responsible for incorrect measurements received or sizing. Please review the appropriate size chart to determine your correct size. Note that hips should be measured 7" below the waist and the waist should be measured at the smallest part of the waist, usually 1 inch above your belly button. Your dress size should be determined by your largest measurement. Alterations and pressing are not included in the price of the gown. These services are not available at Patsy's, however a list of local seamstresses can be provided upon request. *Please note: bridesmaid dresses are not custom fitted – they are cut to the proportions indicated by the designer's size chart. **Correct** sizing may result in one or more areas of the dress requiring alteration. It is crucial that the largest relevant measurement be accommodated, or the dress may end up being too small in that area.*

A deposit of 50% of the total price of the dress is required before the order will be placed. Please indicate below whether or not you will be paying the deposit or the balance in full. **NOTE:** If the individual total is less than \$200, payment in full is required. Patsy's will charge, **without prior notification**, the remaining balance to the credit card on file upon dress arrival if deposit option is chosen. *Please use discretion when listing a debit card – Patsy's is not responsible for any overdraft charges you may incur.* In the event that a wedding is canceled after a deposit has been placed on merchandise the deposit will not be refunded, or if merchandise has been ordered it remains the responsibility of the customer to pick up the item and pay any remaining balances upon its arrival to our salon.

I acknowledge that I have read the above information and that my information is accurate. I agree to abide by the "Terms of Sale" Agreement that the bride signed on my behalf; a copy of which will be provided to me upon my request.
